Total Admissions in IITs From पाठशाला in 2021= 36
No other institute has crossed 8 admission.

पाठशाला Key Differentiations

1. History of producing city and State toppers consistently
2. Unmatched, stable, highly qualified faculties from premier institutes
3. Synchronised targetted studies for boards, IIT- JEE, Olympiads, KVPY etc
4. Updated exhaustive well researched study material
5. Regular student evaluation through periodic, phase and mock tests
6. Homogeneous batches for excellent peer group learning and competitive environment
7. Test designed to enhance speed as well as accuracy to ensure success
8. Regular personalised one to one doubt clearing facility provided by faculties
9. Special boot camps for test taking techniques(T-T-Ts) and performance enhancement methods
10. Student friendly teaching systems to ensure concept clarity

About पाठशाला

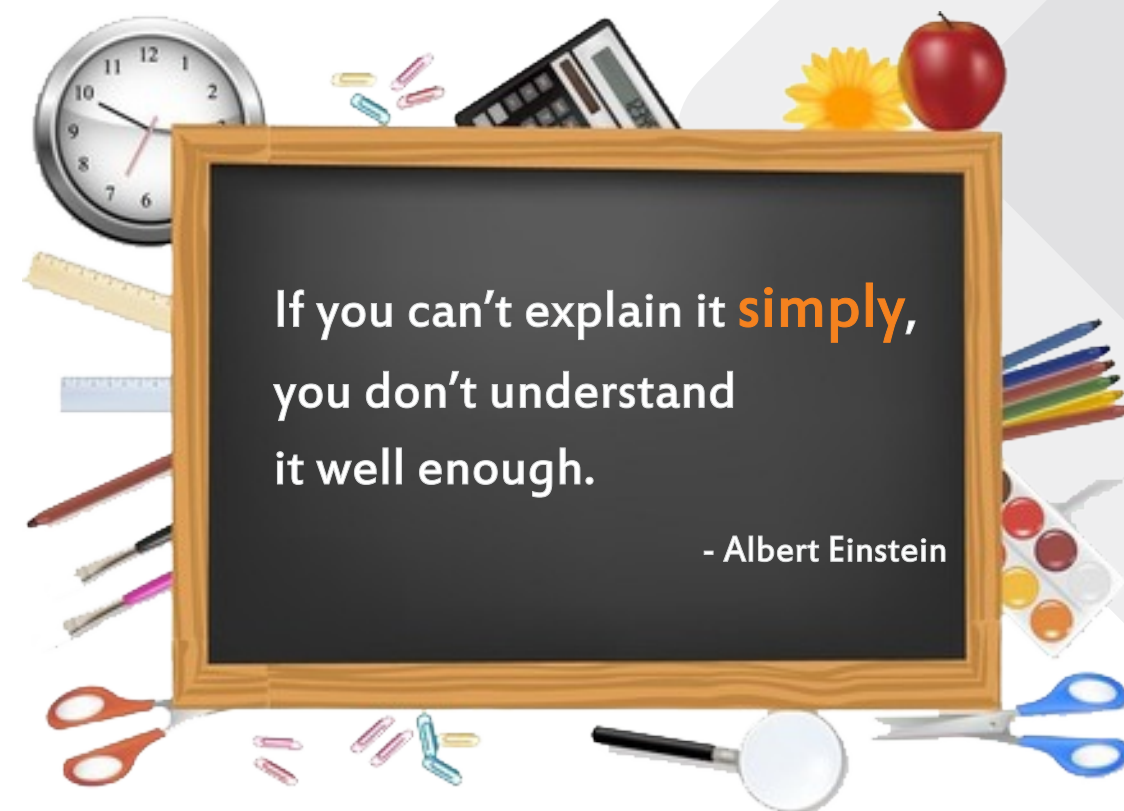

पाठशाला was born in 2005 under the astute leadership & untiring zeal of Er. Levin Detha. It had a humble beginning but aided by a strong urge, unwavering toil, unmatched teaching, consistent results, coupled by operational excellence it has today blossomed into a synonym of success in IIT-JEE, KVPY & Olympiads. Highest teaching standards, unmatched

faculties, highly researched updated study material are the major tenets for our success.

We are committed to excel and work extra mile with double the gusto, not to rest on our laurels but to produce the next level of excellence. पाठशाला is now ready to enter phase two of our journey with higher levels of success benchmarks.

We are thankful to all our dear students and parents for their faith and trust reposed in our endeavours. We are ready for पाठशाला phase 2.0 with better, higher and ever evolving quality standards to help catapult our students' aspirations into reality.

AIR-72 (Gen)

Arpan Mangal

IIT Delhi

KVPY & XII TOPPER, JEE(MAINS) NORTH INDIA TOPPER

*All you need is zeal
and the path is carved!!*

Resonating the above thought Arpan blessed with excellent reasoning and intelligence helped by his tenacity secured AIR-72 in IIT-JEE not to mentioned his exceptional success in KVPY along with topping 12th CBSE in Jodhpur region and securing AIR-8th in JEE(Mains) being the North India topper.

The difference between who you are and who you want to be is what you do...

Arpan was raised by her mother (teacher by profession) as he lost his father at a very young age. His success is a testimony and outcome of the efforts, sacrifice & guidance of her mother.

He never allowed the difficulties; limitations and family challenges come his way. Rather, he was mature enough to discern and prepare himself for the challenges ahead. A student who was very heart full in his preparation, he always enjoyed studies focussing to extract the crux. His success is a result of his strong commitment, confidence in his abilities and the undying unflinching hard work and intense efforts.

Life is like a flute. It may have many holes and emptiness, but if you work on it carefully and consistently it can play magical melodies...

Arpan today is the poster boy in Jodhpur region and a reason for smile, pride and above all a reason for hope and a shining example of capability & talent of students in Jodhpur region. When guided by a befitting mentor like team Paathshala sky is the only limit for them...

MOHIT VYAS

IIT Bombay

21st Rank in KVPY with XII St. Paul's Jodhpur

AIR-26 (Gen)

*Opportunities are never lost; they are always
taken by the people who are ready!*

Mohit was not only an accompanied National level Table Tennis player but also an unperturbed IIT-JEE aspirant, who tossed away all his difficulties and got a smashing success.... Belonging to an educated middleclass close knit family enriched with right values he was very clear from the word go & knew what it takes to be at the top notch IIT. He always had a very strong belief that he is not going to follow the herd mentality and is going to give his 100% in his very first attempt itself.

He decided to be at Paathshala and under the guidance of Levin sir and his team he is going to assail the so called unassailable top rank in IIT-JEE from Jodhpur. Along with his school studies he joined Paathshala for a period of Two year and undertook board integrated rigorous IIT-JEE preparation.

His eyes were set on the challenge and had distanced himself from everything even avoided personal cell phone too. Presently he is at IIT-Bombay pursuing B.Tech in Computer science.

SHASWAT JAMWAL

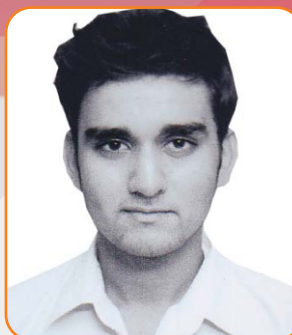

XII with Army public School
IIT Kanpur

"Until you cross the bridge of your insecurities you can't begin to explore your possibilities."

Belonging to a family with defence background father (Army Colonel) and mother is a homemaker. Shaswat was groomed and

taught the values of sheer hard work and importance of success. Being a National level golfer Shaswat knew the importance of discipline, training and right timing. As a matter of fact he was not very meritorious student although above average. But, during 12th in his 3 year integrated training at Paathshala he realised the importance of focus and threadbare ruthless training and learning. Now, he was a changed student always kicking and inspiring himself to walk that EXTRA mile required to be in the BIG league. His parents, particularly his father is worth mentioning here who took pain to help and support him by taking a study leave from his duties. This gesture not only helped him to stay focussed, but also helped him to be more demanding from his preparation. Today he is at IIT-Kanpur preparing to be among the best!!!

TARUNDEEP SINGH GILL

Army Public School
IIT Kanpur

"There is more to us we know. If we can be made to see it, perhaps for the rest of our lives we will be unwilling to settle for less."

Tarundeep belong to a family from defence background father (Army Colonel) and mother homemaker. Stakes were very high and target was clear Aeronautical engineering from the day one.

He was a student from 2 year integrated IIT-JEE focussed batch. He loved Maths and had to buck himself up in Physics and Chemistry. It was the precise training, appropriate push, balanced check and zest displayed by Tarundeep that he could elevate himself and achieve success.

He understood the importance of concepts, hard work, regular practice, strength of self analysis and the result was MAGIC. A right GURU is always a true catalyser in an exact phenomenon in his case. Having landed at IIT-KANPUR he is perspiring to be nothing short of the best in class Aeronautical engineer which he had dreamt of always!

Miracles do come true if you are ready for it.....

MUDIT JAIN

XII from St. Anne's
IIT Bombay

"Don't climb mountains so that people can see you. Climb mountains so that you can see the world."

Ambitious, sharp, communicative, challenging the status quo are some of the qualities which Mudit has exhibited in his journey with Paathshala.

Born in a family where father is an educationist (Professor of Sanskrit) and mother is a homemaker. He has always been an inquisitive and observant student who always spoke his mind out. He had a spring in his feet typical of an entrepreneurial mind. Not only he had secured outstanding success in IIT-JEE with AIR-94 along with his XII standard, he was the youngest country head of a renowned MNC Fin Mechanics.

Conventional and run of the mill life has never appealed to him. He is now CEO of Creyo (a start up). The company is into education and co-curricular training across the country already funded in the initial level speaks volume about the viability of its business model. Mudit is truly a neo millennial who has shown a way and is a source of inspiration to so many of the IIT-JEE aspirants who wish to score high in life.

"The secret of CHANGE is to focus all of your energy, NOT on fighting the old, but on building the NEW".....

HARINDER DUDI

Army Public School

IIT Bombay

"You get what you FOCUS on, so FOCUS on what you WANT!"

Harinder is an exceptional example of hard work, tenacity, analysis and faith. Having risen in a defence background he always had the guts & gumptions to make it BIG in life. The only thing missing was a patient guide and mentor. His father is a Non commissioned Army personnel and mother is a homemaker. Winner's attitude and valuing the values were deeply ingrained in him.

With 3 year rigorous training at Paathshala he had achieved what probably even he and his family was not very sure initially. Hard work and consistency paid, in spite of having comparatively low score in XII standard the strength of Paathshala's teaching methodology, excellent mentoring and hand holding helped Harinder achieve success with flying colours having made it to..... Today, he is a shining example to large number of students helping them believe that marks all alone in XII standard is NOT the only reason for his resounding success.

When looking back doesn't interest you anymore, you're doing something RIGHT and BRIGHT."
